

Capability Statement

VECTOR INTERNATIONAL

Company Overview

Vector International Co., Ltd. is a Korea-based company that provides in-country execution support for U.S. and international companies operating in Korea, and cross-border support for Korean companies. Our approach is simple: be prepared before work begins, and stay accountable until it is done.

Core Capabilities

- **USFK contract support.** Contract readiness review and approved in-country execution coordination for U.S. companies supporting U.S. Forces Korea, with weekly status reporting and clear escalation.
- **Korea business support.** A local point of contact for foreign companies exploring, connecting and operating in Korea without a local office.
- **Trade and logistics coordination.** Import and export coordination between Korea and the world, arranged with a logistics partner.
- **Support for Korean companies.** Contract performance communication support for Korean contractors, and export readiness, trade event and marketing support for companies going global.

What We Do Not Do

- Obtain or guarantee installation access, SOFA status, badging or visas.
- Represent or imply affiliation with the U.S. Government, USFK or any contracting authority.
- Guarantee contract award, schedule, cost or performance outcomes.
- Handle classified, CUI or export-controlled information.

Engagement Model

1. Diagnose

Fixed-scope readiness review of your contract requirements, documentation and open items before mobilization.

2. Pilot

60 to 90 days of in-country coordination with weekly status reports, an issue log and defined escalation.

3. Sustain

Reserved monthly capacity for recurring field support, plus short surge support for exercises, inspections and delivery windows.
